

I s a fast growing sector all over the world. Reiner may follow this development by

RM - system

Bookkeeping ist the starting point for a professional advisor approach.

Tax (e-filing)

The German tax authorities claim electronic tax filings and 'E-Bilanz' submissions.

Reiner renders a professional service for individuals and corporations by electronic filing of the tax return

Bookkeeping (Online)

You can establish an Internet executed bookkeeping and authorise the advisor for joining the working pl well as deduct the external consulting fee. You can call my professional input from case to case.

Start now to go new accounting ways...

Audit (e-operations)

You need an advice, a second opinion, certificate or review report in regards to a planned investment. W

After sending your enquiry [Engagement Letter](#) we can shortly hold a kick-off meeting in person [via Sk](#)
